

## Mulch delivery amount verification worksheet:

We pride ourselves in delivering you the correct amount of mulch each and every time you order. Please use this sheet to verify the amount of mulch we delivered.

1 yard will fill a standard 6.0 cubic foot wheelbarrow 4.5 times.

Note: The wheelbarrow must be filled flat and not mounded with mulch.

Number of yards ordered \_\_\_\_\_ x 4.5 = \_\_\_\_\_ wheelbarrows full of mulch.

Count as you install:

Total count of wheelbarrows full of mulch = \_\_\_\_\_

Number of wheelbarrows of mulch expected \_\_\_\_\_

Number of wheelbarrows counted - \_\_\_\_\_

Surplus/Deficit = \_\_\_\_\_
